

Covid-19 Policies & Protocols for PreComp

- All athletes will need to fill out a daily health checklist with the assistance of their parents before attending practice.
- All age eligible(12 yrs & older as of now) athletes need to be double vaccinated or have a privately paid negative Covid test within the last 72 hrs to enter the facility. Athletes need to carry proof of vaccination or a negative Covid test to all practices. The facility will be checking this prior to entry.
- Any parents/guardians will also need proof of vaccination or a privately paid negative Covid test in the last 72 hrs to enter the facility.
- QR codes are the only acceptable proof of vaccination after Nov 15.

Covid-19 Impact on Travel & Artistic Swimming Practice

Any athletes that travel out of Canada will not be able to participate in the in pool practice component for 2 weeks after their return.

The athletes are still able to attend practice and be on deck with their mask on & take part in deck drills, stretching, etc. they are just not allowed to get in the water for 2 weeks after international (including the US) travel.

This is in compliance with the Health Canada policy that Alberta Artistic Swimming is following, that requires all individuals returning from international travel to wear a mask at all times when out in public for 2 weeks after their return. Please be mindful of this requirement if planning any vacations over Christmas, Spring break or any other time.
